**OTTO AND THE AUTO.**  
"Tis strange how fashion makes us change the objects we admire;  
We used to sing the tireless steel but now the steedless tire.  
So Otto bought an auto, so as not to be antique,  
But the thing was autocentric,  
As well as automatic,  
And the auto wouldn't auto as it ought to, so to speak.

He thought to get an auto-operator for the work,  
And first he tried a circus man, and then he tried a Turk.

For he knew a circus map drove fifty horses with success.

And if it be a shifty  
Enough to manage fifty,

It's palpable enough he ought to manage one horse-less.

As for the Turk, 'tis also plain, deny it if you can.  
He ought to run an auto, since a Turk's an Otto-man.

"Twas all no use, so Otto moved to Alabama purely.

That he might say: "I'm Otto,  
From Mobile, and my motto:

'A Mobile Otto ought to run an auto-Mobile surely."

Then Otto sought to auto on the auto as he ought to.

But the auto sought to auto as Otto never thought to.

So Otto, he got hot, oh, very hot! as he ought not to.

And Otto said: "This auto ought to auto, and it's got to."

And Otto fought the auto, and the auto it fought Otto.

Till the auto got too hot to auto as it ought to.

And then, great Scott, the auto shot to heaven—so did Otto—

Where Otto's auto auto's nowas Otto's auto ought to.

—Edmund Vance Cooke.

"A newspaper whose columns overflow with the advertisements of business men is more likely to bring attention to and build up a city or town than any other agency that can be employed. ## Found in a Bottle!

There was great excitement on the steamer Lafayette a few weeks ago when a bottle was discovered floating near by its huge propellers. The boat was brought to a stop and with difficulty the bottle was brought on board. Inside the bottle was found a note, which will be interesting to the readers of this paper, hence we quote same word for word. It was addressed

*"To My Friends in Maysville, Ky.: When you find this bottle containing this note I will be no more. The boat Saratoga, on which I am, has struck a leak and is fast sinking. In a few minutes it will be resting on the bottom of this roaring ocean. I take this method of sending my farewell words to my friends, trusting that some steamer may locate this bottle. And now I am sinking, and as I sink it is with one great regret—that I will be unable to attend the great sales of THE BEE HIVE THIS FALL. Their advertisements always promise such great bargains, and I certainly like good goods cheap."*

This note was signed, but was so indistinct that the name could not be read. We know though that she was a wise woman, and we regret that we will see her face no more. However, we know that there are many more women here like her.

The Genuine vs. Counterfeits.  
The genuine is always better than a counterfeits, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter of Shreveport, La., says: "After using numerous other remedies without benefit one box of DeWitt's Witch Hazel Salve does me no remedy is equal to DeWitt's Witch Hazel Salve. Sold by J. Jas. Wood & Son."

The Township Trustees and School Board approved the bond of Township Treasurer William Cooper this week.

Hon. Robert Cochran, ex-Senator from Brown county, a resident of Georgetown, was calling on old friends here Thursday evening.

Mr. Thomas Richmond, one of our leading stock raisers and buyers, has made several purchases of sheep in Kentucky this week and has sold all his steers to a Mr. Wood of Maysville.

Owners of property here are beginning to think they will soon have a railroad and are applying paint and whitewash in many places, and carpenters are busy making repairs. Let her come.

One of the most noticeable improvements in Aberdeen property is the residence of Dr. C. C. White, which has been put in thorough repair and finished outside with several coats of carmine and pencil.

Hanson Cooper, one of our leading farmers, has, in addition to his own large interests, leased the well-known Dr. Moore farm, and is making large purchases of thoroughbred sheep and cattle to stock same, getting them mostly in Kentucky.

### A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of cough in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child begins to have or even as soon as the cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by J. Jas. Wood & Son, Druggists.

Mr. Samuel Kimball, a well-known farmer of Sprigg Township, Adams county, died yesterday. Mr. Kimball had many prominent relatives in Adams and Brown counties, also in Maysville and Mason county, Ky.

There will be an old-time picnic and celebration of the pioneers and old settlers and their descendants of Brown county at Linn's Bridge, September 17th. Music, dancing, speaking, etc. Everything free. Dr. A. N. Ellis of Maysville will be one of the principal speakers.

In the case of Patrick Regan et al., vs. Lazio Regan et al., action was dismissed because plaintiffs failed to give security for costs, as ordered by the Courts. This suit was caused by the will of the late Thomas Regan of Aberdeen, whose estate was considered to be valued at several thousand dollars, and his brothers tried to have the will set aside.

In the case of the Southern Ohio Loan and Trust Company of Cincinnati vs. William Riggs, et al., the County Court has ordered the defendant to pay to plaintiff the sum of \$490.12, with interest, within 30 days, and if not paid defendant's land will be sold at Sheriff's sale to satisfy the judgment. This property was formerly the home of the late John Campbell in Second street.

Dr. William Evans of Huntington P. O., this town, is improving rapidly from his recent serious illness. The Doctor is known to every family in Brown county as "Barlow," the well known correspondent of The Ripley Bee, and whose items are one of the features of that breezy paper. One of the oddities of his items is that it gives a biographical or historical sketch of most people he writes about. He is an old soldier, a staunch Republican and a citizen whom it is an honor to have as a friend.

### "OLD TIP!"

#### Some Reminiscences of the Old Cannon That Maimed Many.

How many of the thousands that pass along Second street remember "Old Tip," the cannon that is now doing service as a post at the corner of the alley between the New York Store and Murphy's jewelry emporium?

It was made in Pittsburgh in the 40's and brought to this city by John Morrison. It was used by the Whigs in the memorable campaign of Harrison, and at the barbecues, picnics and political hustings of that campaign it did service in belching forth patriotism and defiance to the Democrats.

In after years it was used at Fourth of July celebrations and other demonstrations.

It has a history in killing and maiming that not many remember. In 1840 Jess Martin and Cohnn's Jeff were severely injured by a premature discharge.

In the same year it killed a man named Dills at a celebration in Ripley.

In 1860 John Wheeler lost an arm by a premature explosion.

In 1864 Richard Archdeacon had his hand maimed while firing salutes in honor of the return of the Sixteenth Kentucky Volunteer Infantry to this city on furlough after they had been valorized.

There may be others who received injuries from it, but we do not now recall their names. This is enough, however, to let you know that "Old Tip" has a history, if not a glorious one, a bloody one at least.

The Charles Turner took 22 new coal barges from Pittsburgh to the Kanawha river yesterday.

Captain Jim Hayes of the towboat Tom Lyle will be Master of the New Government Snagboat General Theodore Schwart.

The river did not come high enough to flood the bottom and cause a stench as soon as it fell from the weeds and shrubbery.

One item in a tow that passed this city the other day was two big barges of watermelons, on their way to the Cincinnati markets.

The rise came in good time to enable the Pomeroy packets to carry large crowds into Cincinnati next week for the Fall Festival.

The towboats that safely landed their tons of coal at Cincinnati on the present rise are rushing empties back to Kanawha and Pittsburgh.

Limestone creek bottoms have become a wilderness of trees of all kinds. It has not been many years ago that hardly any weeds would grow there.

The Clipper, owned by the Monongahela River Consolidated Coal and Coke Company, was burned near Elizabeth Thursday night and was completely destroyed, causing a loss of about \$18,000.

The Sprague left Cincinnati Thursday for New Orleans, where she will be hooked into a master tow of empties to bring back. She has been thoroughly overhauled, and is now pronounced in first-class condition.

The Government Engineers have finished the work of taking soundings for the ice piers. They took six and found a good foundation and everything as it should be for the construction of the ice harbor.

The Southern river boats Exporter, John A. Wood, Alice Brown and J. B. Williams, tied up at Paducah awaiting water, will get as far as Louisville with empties. One or two of the boats repairing boilers there are having no end of trouble with Paducah boiler makers. These men have refused to obey orders given them by commanders of the boats, and it was found necessary to send to Cairo for men to do the work properly.

Correspondence

SPRINGDALE.

School began Monday with a first day's enrollment of 35.

Mrs. S. B. Tully of Garrison was here shopping Wednesday.

Mrs. Hattie Silvia is slowly recovering from a severe illness. Dr. Bowman is attending her.

Mr. Thomas Sartain, one of the oldest citizens of this place, died at his home near here Tuesday. Interment at Bethany Wednesday afternoon.

Master Willie Girvin is suffering with an inflamed foot, caused by stepping on a thorn during the first grand "chase" of these halcyon days, "first week of school."

A good deal of resentment is expressed by the patrons of the schools owing to the fact that an entire change of text-books is ordered by some one. This seemingly useless expense falls quite heavily on some families, and no doubt many poor little ones will be kept from the Public School because of it.

Your Wife

can be provided with an annual income for life, in event of your death, at less cost than you can make the same provision for your children.

The low rate makes very attractive this form of contract, devised and introduced by The Mutual Life Insurance Company of New York.

On August 7, 1900, a young business man of New York took out Policy No. 1,000,748 in favor of his wife. He paid three premiums of \$100 each in the first year. He died. The company at once paid his wife \$3,000, and will continue to pay her that amount annually as long as she lives.

In writing for terms, state the amount of annual income you would like to provide for your wife, the amount of cash you would like returned and give the ages of both.

RICHARD A. McCORD, President.

WATER DOCTOR

Employs a Scientific Method of Diagnosis.

Thousands of people suffer from chronic and obscure troubles and fail to get relief because the doctors who treat them guess at the disease. Since 1899 Dr. Shaffer has been located in Cincinnati, and during years of continuous practice has cured many of the most obstinate and long standing diseases. He uses the latest scientific and reliable method of detecting the patient's true condition. One of his patients says: "I suffered for five years. I was treated by many doctors, tried patent medicines and electric belts, but continued to get worse, and friends thought I was running into consumption. Dr. Shaffer permanently cured me." Ralph Trulock, Aurora, Ind.

"I was a nervous wretch, but Dr. Shaffer cured me," J. L. Shirk, 541 West Fifth street, Cincinnati, O.
